5. Draft Ordinance Amending Educational Services within the Central Business District

During the Zoning Code update that was approved by the City Council on May 21, 2018, questions were raised by the Council regarding the allowance of Educational Institutions (colleges and universities) within the Central Business Zoning District (CBZD). The City Council approved the Zoning Code amendment at the time, but requested that the Moscow City Council Administrative Committee of the City Council continue the discussion regarding the allowance of educational uses within the CBZD. On August 20, 2018, City Council provided direction to staff to develop a survey for the community and property owners and businesses operating within the CBZD. A survey instrument was then prepared which contained questions designed to gauge the perceptions of the community and property owners and businesses operating within the CBZD in regards to a) current public/private universities and colleges in the CBZD and b) additional or expanded public/private universities and colleges in the CBZD. The survey was then sent out in the fall of 2018 to CBZD property and business owners as well as a random sample of the community. The results of the survey were then discussed at the City Council meeting on April 1, 2019 and the Council then directed the Planning and Zoning Commission to prepare an ordinance which would prohibit additional or expanded universities and colleges in the CBZD.

ACTION: Review the draft ordinance that would amend the use table to prohibit additional or expanded universities and colleges in CBZD.

ACTION: Review the proposed subdivision code and provide Staff further direction as deemed necessary.
