3. Proposal for City Strategic Plan Regarding Climate Change – Kristin Haltinner [ACTION ITEM]

The Sustainable Environment Commission has been working on a proposal for the City's Strategic Plan regarding climate change. The SEC is currently soliciting input from other commissions and would like to receive input from the Planning and Zoning Commission. A member of the SEC, Kristin Haltinner, will be present to discuss the intent and lead the discussion.

ACTION: Discuss the draft document and provide Staff further direction as deemed necessary.

4. Final Review the Draft Ordinance Eliminating the Prohibition on Accessory Dwelling Units having their own Separate Electrical Service [ACTION ITEM]

The Zoning Code currently requires that the electrical service for ADUs shall be extended from the primary dwelling on the property. There have been instances recently where the electrical service has been required to be upgraded in the primary dwelling at a substantial cost in order to extend electricity to the ADU. The Commission will review the draft ordinance eliminating this requirement.

ACTION: Review the final draft ordinance and provide Staff further direction as deemed necessary.

5. Final Review the Draft Ordinance Eliminating the Covered Parking Space Requirement for Single-Family and Two-Family Dwellings [ACTION ITEM]

There is a provision of the off-street parking section of the Zoning Code that requires one of the required off-street parking spaces for single-family and two-family dwellings to be covered or located in a place on the property which could be covered in the future. This requirement is unique to Moscow and has historically presented some challenges with certain projects through the years. The Commission will review the draft ordinance eliminating this requirement.

ACTION: Review the final draft ordinance and provide Staff further direction as deemed necessary.
