PLEDGE OF ALLEGIANCE

REGULAR AGENDA

1. COVID-19 Response Review and Discussion (ACTION ITEM) - Gary J. Riedner

Residents and businesses of the City of Moscow continue to comply with Governor Brad Little's Order to Self-Isolate through April 30, 2020, issued by Idaho Department of Health and Welfare Director Dave Jeppeson as amended on April 15, 2020, and the Public Health Emergency Orders 20-01 and 20-02, issued by Mayor Bill Lambert and extended to May 5, 2020 by the Moscow City Council through Resolutions 2020-06 and 2020-07.

On April 23, 2020, Governor Little held a press conference and issued his "Idaho Rebounds Guidelines for Opening Up Idaho", which describes the current stage of the State's COVID-19 response, referencing the current Order to Self-Isolate. The plan then describes four distinct stages which provide a protocol for opening the economy for the state. Each stage is dependent upon the criteria of the previous stage being met, and sets targets for reopening and/or regulation of different types of activities in order to provide a return to economic activities, while protecting the public from the spread of COVID-19. Each stage of the plan will be re-evaluated every two weeks "against criteria to determine feasibility to advance from one stage to the next". The plan also states that the dates are estimated targets.

The City of Moscow's Public Health Emergency Orders are in place until expiration on May 5, 2020, unless modified, extended or terminated by the City Council through adoption of a Resolution to that effect. At the time the Mayor issued Public Health Emergency Orders 20-01 and 20-02, and those Orders were extended by the Moscow City Council through Resolutions 2020-06 and 2020-07, the Governor had not issued the Order to Self-Isolate, which was issued on March 25, 2020, and was effective until 11:59 pm on April 15, 2020, unless extended or modified. On April 15, 2020, the Order to Self-Isolate was extended until 11:59 pm on April 30. Stage 1 of the Governor's Idaho Rebounds Guidelines for Opening Up Idaho starts on May 1,

2020 and Stage 4 is expected to complete on June 26, 2020.

The current Guidelines for Opening Up Idaho or Idaho Rebounds Plan are guidelines and the Governor has indicated that he will provide an order on Thursday, April 30, 2020. When that order is issued by the Governor, the City Council may elect to review and modify, terminate or extend its current Resolutions 2020-06 and 2020-07.

PROPOSED ACTIONS: Review Governor Little's Rebound Idaho order and determine whether to modify, extend, or terminate Resolutions 2020-06 and 2020-07; or to leave such Resolutions to expire on May 5, 2020; or take such other action deemed appropriate.

ADJOURN

NOTICE: Moscow City Council and committee meetings are televised, videotaped and/or recorded. Individuals attending the meeting who require special assistance to accommodate physical, hearing, or other impairments, please contact the City Clerk, at (208) 883-7015 or TDD 883-7019, as soon as possible so that arrangements may be made.

Residents and businesses of the City of Moscow continue to comply with Governor Brad Little's Order to Self-Isolate through April 30, 2020, issued by Idaho Department of Health and Welfare Director Dave Jeppeson as amended on April 15, 2020, and the Public Health Emergency Orders 20-01 and 20-02, issued by Mayor Bill Lambert and extended to May 5, 2020 by the Moscow City Council through Resolutions 2020-06 and 2020-07.

On April 23, 2020, Governor Little held a press conference and issued his "Idaho Rebounds Guidelines for Opening Up Idaho", which describes the current stage of the State's COVID-19 response, referencing the current Order to Self-Isolate. The plan then describes four distinct stages which provide a protocol for opening the economy for the state. The plan also states that the dates are estimated targets.

The City of Moscow's Public Health Emergency Orders are in place until expiration on May 5, 2020, unless modified, extended or terminated by the City Council through adoption of a Resolution to that effect. At the time the Mayor issued Public Health Emergency Orders 20-01 and 20-02, and those Orders were extended by the Moscow City Council through Resolutions 2020-06 and 2020-07, the Governor had not issued the Order to Self-Isolate, which was issued on March 25, 2020, and was effective until 11:59 pm on April 15, 2020, unless extended or modified. On April 15, 2020, the Order to Self-Isolate was extended until 11:59 pm on April 30. Stage 1 of the Governor's Idaho Rebounds Guidelines for Opening Up Idaho starts on May 1, 2020 and Stage 4 is expected to complete on June 26, 2020.

In light of the issuance by Governor Little of the Idaho Rebounds plan, the City Council may elect to review and modify, terminate or extend its current Resolutions 2020-06 and 2020-07.

GUIDELINES FOR OPENING UP IDAHO

Governor Brad Little, with the help of the Department of Health and Welfare and guidance issued by President Donald Trump and the Centers for Disease Control and Prevention, has established a data-driven approach to opening up Idaho's economy. This approach reduces the risk of COVID-19 to Idaho's most vulnerable population and preserves capacity in our healthcare system, while opening up businesses safely. From an economic standpoint, Idaho's rebound from COVID-19 starts with employee and consumer confidence, which leads into business stability and growth and eventually promotion and attraction.

MEETING IDAHO CRITERIA MEANS ADVANCING TO A STAGED APPROACH

All criteria below must be met before Idaho advances to the next stage of reopening. The Idaho Division of Public Health and the Governor's Coronavirus Working Group will review the criteria every two weeks to assess if criteria are met, or continue to be met, so Idaho can move to the next stage. **To advance to the next stage, all criteria must be met. If the criteria indicates trends are beginning to move the wrong direction, or there is evidence that a stage has adversely impacted rates, stages may have to be extended or reversed.** Dates shown in the document are estimated timelines only.

STRATEGIES, RESPONSIBILITIES, AND CAPABILITIES NEEDED

The State of Idaho must remain focused on achieving the following core preparedness responsibilities.

TESTING AND CONTACT TRACING:

- Ability to quickly set up safe and efficient screening and testing sites for symptomatic individuals, including those with mild symptoms
- Contact tracing in place for all COVID-19 positive results
- Screening and testing locations in all regions of the state in place that serve older individuals, rural and lower income populations, and racial and ethnic minorities, such as Native Americans and Hispanics

PLANS AND STRATEGIES:

- State and local preparedness plans are in place including surge plans
- Crisis Standards of Care Plan established
- Long-Term Care Task Force operational to support long-term care facilities
- Testing strategy developed
- Contact tracing strategy developed

HEALTHCARE SYSTEM CAPACITY:

- Ability to quickly supply sufficient PPE, medications, and critical medical equipment to handle dramatic surge if needed
- Ability to quickly test symptomatic healthcare workers
- Ability to surge intensive care unit capacity

STAGED OPENING (AFTER IDAHO CRITERIA IS MET)

Until we have targeted, case-based interventions for each infectious person, an effective vaccine, or effective treatment, we must maintain some level of community interventions to slow the spread of COVID-19. This includes heightened protections for the health and safety of workers in critical industries, people living and working in high-risk facilities (e.g. senior care facilities), and all other employees.

All Idahoans have a responsibility to protect themselves and others. Each stage, while allowing for additional businesses and practices to open and loosen, is grounded in the following basic practices for individuals and businesses:

PROTOCOLS

ALL STAGES – INDIVIDUALS SHOULD CONTINUE TO:

- Engage in physical distancing of at least six feet
- Wear face coverings in public places
- Stay home if sick
- Practice good hand hygiene
- Cover coughs and sneezes
- Disinfect surfaces and objects regularly

ADDITIONAL PROTOCOLS WILL BE PROVIDED FOR EACH STAGE.

ALL STAGES – EMPLOYERS SHOULD CONTINUE TO:

- Maintain the six-foot physical distancing requirements for employees and patrons
- Provide adequate sanitation and personal hygiene for employees, vendors, and patrons
- Ensure frequent disinfection of the business as well as regular cleaning, especially of high-touch surfaces
- Identify how personal use items such as masks, face coverings, and gloves may be required by employees, vendors, and/or patrons
- Provide services while limiting close interactions with patrons
- Identify strategies for addressing ill employees, which should include requiring COVID-19 positive employees to stay at home while infectious, and may include keeping employees who were directly exposed to the COVID-19 positive employee away from the workplace, and the closure of the business until the location can be properly disinfected
- On a case-by-case basis, include other practices appropriate for specific types of businesses such as screening of employees for illness and exposures upon work entry, requiring non-cash transactions, etc.

Continue to self-isolate

ALL residents of Idaho must self-isolate and stay and work from home as much as possible, unless you work in healthcare, public safety or an identified "essential business" as defined in order.

Residents can leave homes to obtain or provide essential services. People at higher risk (over 65 and/or health-compromised) should avoid leaving their homes.

Employers that do not provide essential services as defined in order must take all steps necessary for employees to work remotely from home.

Ramp up personal hygiene

Amended Order in effect through April 30, 2020.

Governor Little and public health officials will reassess before April 30, 2020.

Final Amended Statewide Stay-Home Order available at coronavirus.idaho.gov

After April 30, 2020

Governor Little also said “non-essential” businesses should prepare to reopen after April 30 as long as they prepare operational plans over the next two weeks to:

- maintain social distancing for staff and patrons
- provide adequate sanitation and protective coverings for employees, vendors, and patrons
- offer curbside and pickup delivery
- limit number of people in business at a time
- direct flow of people in the operation

Criteria for opening will be posted to coronavirus.idaho.gov when completed.

This excludes some “non-essential” businesses where people simply cannot safely social distance, such as nightclubs, bars, and restaurants for dine-in; indoor gyms and recreational facilities; hair and nail salons; convention and entertainment centers; and public events and gatherings.

He noted that may not occur if there is an upward trend of severe COVID-19 cases in Idaho between now and April 30.
