Monday, July 13, 2020

3:00 PM

Council Chambers
206 E. Third St.

REGULAR AGENDA

1. Approval of March 9, 2020 Public Works/Finance Minutes (ACTION ITEM) - Laurie M. Hopkins

Minutes presented for approval.

PROPOSED ACTIONS: Approve minutes, amend minutes, or provide staff further direction

2. Disbursement Report June 2020 (ACTION ITEM) - Sarah Banks

Staff will present the Accounts Payable Report for the month ending June 2020.

ACTION: Sign the Disbursements Report for the month of June 2020.

3. Lot Line Adjustment - 2355 E Sixth Street and 509 Nadi Court (ACTION ITEM) - Aimee Hennrich

The applicant, Robert Stephens, is requesting a lot line adjustment between two lots addressed as 2355 Sixth Street and 509 Nadi Court. The applicant is proposing to expand the existing lot addressed as 509 Nadi Court by 250 square feet, resulting in a total lot size of 13,405 square feet. 2355 E Sixth Street would be reduced by 250 square feet, resulting in a total lot size of 19,446 square feet. The purpose of the proposed lot line adjustment is to accommodate existing developed landscaping. There is currently one accessory structure on 509 Nadi Court and a single-family home on 2355 Sixth Street. The subject properties are located within the Moderate Density Zoning District (R-2), which requires a minimum lot size of 7,000 square feet and lot width of 60 feet. As a result of the lot line adjustment, both lots would meet the minimum lot size and width requirements of the R-2 Zone and the existing structure will meet all setback requirements.

PROPOSED ACTIONS: Recommend approval of the lot line adjustment request with no conditions; or recommend approval of the lot line adjustment request with conditions; or recommend denial of the lot line adjustment request; or provide staff further direction.

4. Lot Line Adjustment 2218 and 2306 Third Street (ACTION ITEM) - Aimee Hennrich

The applicant, Rafik Itani, is requesting a lot line adjustment between two properties located at 2218 and 2306 Third Street. The proposed lot line adjustment would reduce the lot addressed as 2306 Third Street from 8,015 sf to 7,328 sf and expand the lot addressed 2218 Third Street from 7328 sf to 8015 sf. The applicant is requesting the lot line adjustment in order to fulfill a purchase and sale agreement which requires lot 5 to have a width of 70ft. The subject properties are located within the Moderate Density, Single-Family Residential Zoning District (R-2).

Within the R-2 Zoning District, lots with single-family dwellings require a minimum area of 7,000 sf and a minimum lot width of 60 feet. The proposed lot line adjustment meets both of these standards.

PROPOSED ACTIONS: Approve the lot line adjustment at 2218 Third Street and 2306 East Third Street with no conditions, or provide staff further direction.

5. Updated Options/Recommendations for Remaining 2020 Pool Season (ACTION ITEM) - Dwight Curtis

It continues to be the Parks and Recreation Director's recommendation not to open the Hamilton-Lowe Aquatics Center (HLAC) for the 2020 season due to the high risks associated with COVID-19. The close-quartered nature of the facility makes social/physical distancing and masking problematic at best for a general opening. Should the City Council still desire to see some version of a pool season, staff recommends a limited opening of the HLAC specifically for fitness (or lap) swimming. By using the deep pool exclusively for fitness swimming, we can better monitor the number of patrons at any given time, along with appropriate distancing and masking. With the current spike in COVID-19 cases, this still represents some risk, but less so.

PROPOSED ACTIONS: Accept staff's recommendation to close the Hamilton-Lowe Aquatics Center for the 2020 season; or in the alternative, recommend accepting staff's recommendation to open the deep pool for fitness (lap) swimming, using the general guidelines addressed in the memo from the Parks and Recreation Director; or provide staff further direction

6. EDA Funding Request - Sixth Street Bridge Replacement Project (ACTION ITEM) - Alisa Anderson / Bill Belknap

During the Paradise Creek Flood event in April of 2019, the Sixth Street culvert structure near Mountain View Road sustained significant erosion damage that undermined the roadway shoulders reducing the roadway width and significantly damaging the guardrail system. After the flood damage, City Streets staff performed temporary repairs to the roadway surface and placed concrete barriers to compensate for the damaged guardrail system while the City assessed the best options to address the roadway and culvert deficiencies. The width of the culvert crossing is inadequate to accommodate pedestrian sidewalks or bicycle facilities, and the culvert structure includes a collection of three separate culverts of varying size. These culverts do not have adequate conveyance ability to prevent flood waters from over topping the roadway, and they also collect significant debris during flooding events which complicates flood response actions and increases roadway and property damage risk in the surrounding area.

Staff is currently seeking approval to prepare and submit a FY2019 Economic Development Administration (EDA) Disaster Supplemental grant application under the Economic Adjustment Assistance Program. Subject to the availability of funds, this investment assistance helps communities devise and implement long-term economic recovery strategies through construction projects such as this bridge replacement project. The program is designed to address economic challenges in areas where a Presidential declaration of a major disaster was issued as a result of natural disasters, such as flooding which occurred in the calendar year of

2019.

The estimated total project cost is \$1,200,000 including \$151,000 for design and \$1,049,000 for construction. Additional costs may include an environmental assessment to meet EDA requirements. This grant opportunity is revolving and open as long as funds are available. The match requirement for this project is 20%. The next review of grant applications is September 1, 2020, and we have been advised by the Idaho EDA Representative to have a request submitted in Grants.gov no later than July 20, 2020, in order to be included in the next review cycle.

PROPOSED ACTIONS: Approve submission of a Disaster Supplement grant application to the Economic Development Administration for the Sixth Street Bridge replacement not to exceed \$1,300,000 with a required match of 20% or \$260,000; or provide staff further direction.

REPORTS

Capital Projects Update - Bob Buvel & Nate Suhr

ADJOURN

NOTICE: Moscow City Council and committee meetings are televised, videotaped and/or recorded. Individuals attending the meeting who require special assistance to accommodate physical, hearing, or other impairments, please contact the City Clerk, at (208) 883-7015 or TDD 883-7019, as soon as possible so that arrangements may be made.
