B. Proposed Lot Line Adjustment at 1998 Ben Gifford Ct and 1974 Sunnyside Ave - Aimee Hennrich

The applicant, Jim Swift, is requesting a lot line adjustment between 1998 Ben Gifford Ct and 1974 Sunnyside Ave. The proposed lot line adjustment would increase 1974 Sunnyside Ave from 10,627 sf to 11,697 sf, and decrease 1998 Ben Gifford Ct from 21,378 sf to 20,308 sf. 1998 Ben Gifford Ct is currently a vacant lot and a single-family home is currently under construction at 1974 Sunnyside Ave. The applicant is requesting the lot line adjustment in order to make more symmetrical rear property lines to improve landscaping and maintenance. The subject properties are currently within the Medium Density Residential (R-3) Zoning District, where the minimum lot size is 6,000 sf and the minimum lot width is 60 feet. All proposed lots meet the minimum lot size and width requirements of the R-3 Zone, and the single-family dwelling currently under construction will meet all setback requirements. This proposal was heard on August 28, 2023 at the Administrative Committee meeting and was recommended for approval.

ACTION: Approve the lot line adjustment with no conditions.

C. Pour Company Homecoming Block Party Alcohol Use Request in Ghormley Park - Amanda Argona

Pour Company is requesting an alcohol use permit in Ghormley Park for their Homecoming Block Party on Sat., Oct. 14 from 1-6 p.m. This event is the first of its kind for the Ghormley Park location

with the potential to be an annual function. The applicant anticipates no more than four licensed beer/wine vendors and up to three food trucks, as well as live music. In similar fashion to Rendezvous in the Park, the event footprint will act as the beer garden with barriers structured in such a way as to ensure no individuals may pass under or over the barriers and there is a single entry check-in point to control open container access. Following standard operating procedures for events with alcohol within a City Park, Pour Company is requesting the allowance of attendees to possess and consume alcoholic beverages within the event footprint during the hours of 1 to 6 p.m. during the aforementioned date. Per Moscow City Code, Section 5-13-4, a draft resolution has been prepared by the Community Events Division and reviewed by the Legal Department for the Council's consideration. This was reviewed by the Administrative Committee on August 28, 2023 and recommended for approval.

ACTION: Approve the resolution allowing for the possession and consumption of alcoholic beverages in Ghormley Park within the event footprint of Homecoming Block Party during the listed time and date of the event.

D. Health Insurance Consulting Group Contract Renewal - Bonnie Dennler / Sarah Banks

The City of Moscow has utilized the Murray Group, Inc. for a number of years to provide consulting services for strategic benefits planning and support for the city's employee benefits program. Services provided by the Murray Group include Health insurance and benefits planning and design, vendor management and administration, day-to-day administrative issues, COBRA administration, actuarial services, Employee Navigator (benefits platform) administration, as well as other necessary consulting and services. In order to effectively manage and administer the city's employee health benefit programs, as well as maintain compliance with benefit and employment law surrounding ERISA, COBRA, HIPAA, ACA, Section 125, and other benefit administration requirements, approval is needed to renew contract agreements with the Murray Group for the 2023-2024 benefits plan year which began on August 1, 2023. This was reviewed by the Administrative Committee on August 28, 2023 and recommended for approval.

ACTION: Approve the Murray Group Consulting agreement, Murray Group Business Associate Agreement, and Employee Navigator Client Agreement.

CONSENT AGENDA

1. All Consent Items (ACTION ITEM)

A. Approval of Moscow City Council August 7, 2023 Minutes - Laurie M. Hopkins

B. Disbursement Report July 2023 - Sarah Banks

Staff presented the July 2023 Accounts Payable Report to the Public Works / Finance Committee on August 14th, 2023. The Committee received the report and approved the disbursements as presented.

ACTION: Accept the Disbursements Report for the month of July 2023.

C. Strategic Initiatives Grant Program - Alisa Anderson / Scott Bontrager

The Strategic Initiatives Grant Program is funded with one-time State of Idaho General Funds recommended by the Governor and approved by the Legislature intended to facilitate local transportation projects. All projects are required to be on public highways and streets and will be selected based on a competitive application from criteria developed by the Idaho Transportation Department. The City of Moscow falls under Category 2 which is rural or small urban areas with a population less than 50,000. Projects in this category are limited to \$2 million and do not require matching funds. City staff are proposing to apply for funding to install approximately 25,000 square yards of Asphalt Chip Seal and 100,000 square yards of Asphalt Slurry Seal in addition to three surface restoration (grind and inlay) projects. The restoration projects have been identified in the City's Roadway Condition Assessment Program and included in the Street Department's Capital Improvement Plan as a priority in upcoming budget years 2025-2028. These projects are located on Taylor Avenue, White Avenue, and "D" Street. This item was reviewed by the Public Works/Finance Committee on August 14, 2023, and recommended for approval.

ACTION: Approval to apply for the Strategic Initiatives Grant Program in an amount not to exceed \$2,000,000.

D. City of Elk River Solid Waste Disposal Agreement - Tim Davis

The City of Elk River approached the City of Moscow in 2022 regarding disposal of their waste through the Moscow Solid Waste Facility. The City of Elk River waste is collected then deposited at a centrally located compactor. The compactor is hauled on a roll-off truck, dumped and then returned. The City of Elk River produces approximately 150 tons of waste annually. Clearwater County has a disposal agreement with Asotin County. Due to Elk River's location and proximity to the Moscow Solid Waste Facility, Clearwater County's failing roll-off truck, and Elk River's dissatisfaction with the services that they were receiving, The Moscow City Council elected to execute a disposal agreement with the City of Elk River in August of 2022 that expires September 30, 2023. The City of Elk River wishes to have the City of Moscow continue to provide these processing and disposal services. If the Moscow City Council agrees to execute this new disposal agreement, the term of the agreement will be in sequence with other disposal agreements recently executed with Latah County and other cities. This was reviewed by the Public Works/Finance Committee on August 14, 2023 and recommended for approval.

ACTION: Approve the Disposal Contract between the City of Elk River and the City of Moscow, Idaho as presented.

Kelly moved and Taruscio seconded to approve the consent agenda as presented. Roll Call Vote: Ayes: Unanimous. Nays: None. Abstentions: None. Motion carried.

4. Proposed Lot Division of a 10-Acre Parcel Located Directly North of the Current Terminus of Warbonnet Drive (ACTION ITEM) – Aimee Hennrich

The applicant, Warbonnet LLC, is requesting a lot division to create four lots of approximately 3.24 acres, 1.70 acres, 1.70 acres, and 1.39 acres in size from an existing 10-acre parcel located directly north of the current terminus of Warbonnet Drive. The proposal includes parkland dedication of 20,060 square feet as well as the right of way dedication required to extend Warbonnet Drive to the northern property boundary. The subject property is located in the Multiple Family Residential (R-4) Zoning District. Within the R-4 Zoning District, lots are required to be a minimum of 5,000 square feet in size and have a minimum lot width of 50 feet. All proposed lots meet the minimum lot area and width requirements of the R-4 Zone. In addition, lot division proposals within the R-4 Zone require 9% of the net developable land to be dedicated to parkland. On June 29, 2023, the Parks and Recreation Commission reviewed and recommended approval of the parkland dedication proposed as a part of this application. This proposal was heard on August 14, 2023 at the Public Works and Finance Committee meeting and was recommended for approval.

PROPOSED ACTIONS: Approve the lot division request with no conditions; or approve the lot division request with conditions; or deny the lot division request; or provide staff with further direction.

Hennrich introduced the item as written above explaining the applicant has requested reduction of the 0.76 acres of the subject property to 0.47 due to the challenging topography. In return, the applicant offered to provide the access path and grading. Schott shared that the applicant initially submitted the 9% dedication, however staff requested to reduce the area for ease of maintenance.

Scott Becker, Hodge and Associates, said phase one is proposed and in design, but the other phases are

not designed as yet. The next phase is anticipated to be R-4 townhouses. Belknap added the development will not come back before the Council as the land is already zoned appropriately.

Kelly moved to approve the lot division request with no conditions. Lewis seconded. Roll Call Vote: Ayes: Unanimous. Nays: None. Abstentions: None. Motion carried.

5. Moscow Sister Cities Association – Dave Barber

Dave Barber, president of the Moscow Sister City Association (MSCA) thanked the City Council for their annual support of the cost of dues. Villa El Carmen has a population of 7,000 and is on the Pacific Ocean near Nicaragua. From the beginning of the Association, they have been about education. While the focus is still on education, they have also given parental grants to assist with purchase of uniforms. Geilin Castro, a previous scholarship and 2020 graduate, will be visiting Moscow in Spring 2024 and working with faculty in the College of Education to learn the American system of education. The future of MSCA is unknown because of the Nicaragua government. See attachment for more information.

6. Pullman Moscow Airport Report – Tony Bean

Bean listed the terminal advisory committee which reviewed the reiterations of the terminal. The planning and environmental plans began in 2007, followed by runway and now terminal to be completed December 2023. The existing terminal only meets 21% of the space needs from 2019. FAA doesn't pay for parking so the rental car lot will be delayed with hopes for funding elsewhere. Colors for the terminal are representative of the Palouse. The build and expansion will result with no debt. The total building cost is \$63.4 million. The terminal will have substantial completion at the end of December but will not open right away as there will be training and testing to ensure a smooth opening. CARES funds have gone to the ineligible funds from grants. Illustrations of the interior were shown, see attachment. Passenger growth has gone from 35,000 in 2010 to 70,000 in 2019. The Boise flight will increase to five days a week on September 7. The Board is trying to get flights to Denver and Portland and the third flight to Seattle will begin again. The airport was awarded an air service development grant to support initiation of a twice daily non-stop service to Denver but there aren't enough pilots to begin yet. A cargo use would be a great option for the old terminal but still working on securing a use. The Board continues to talk with Delta, United, Allegiant and Skywest for future service. Shuttle service is also being discussed if there was a means to do so.

7. Stormwater Utility NPDES Compliance Report – Kyle Steele / Steve Schulte

The City essentially owns and operates two sewer systems, the MS4 stormwater and the sewer. The stormwater permit contains stipulations for compliance with full implementation by April 3, 2024. Among other requirements, the permit requires an enforcement program for illicit discharge detection. The City tracks reports and respond as necessary. There are over 200 outfalls (pipes that discharge into the creek) and the permit requires to screen 50 of them annually. Staff has been working on updating the construction site stormwater runoff control. A compliance inspector was hired and in the last 12 months has done 406 routine inspections with 10 illicit discharge reports. Another requirement of the permit is to develop a written escalating enforcement response policy which will come to council for adoption.

Schulte sent through the operations and maintenance of stormwater runoff. There are three employees in the Stormwater division for 70 miles of stormwater mains. Staff is currently 20% through cleaning the system after starting at the trouble areas. The team also responds to spill response and reports of illegal dumping. Street sweeping is required in the permit and is the first line of defense to keeping the system clear. It is contracted to the Street personnel. The City has added a variety of tools to help assess the condition of the stormwater system so that staff knows where repair and improvements need to be completed. The permit must be reapplied for but does not have an associated fee. Staff will do in April 2024, well before the current permit expires September 30, 2024. Illicit discharges are a misdemeanor

offence but the city is in good shape with compliance. The staffing level of three was for the initial phase and some of the environmental staff help with the permit requirements. As the program is further developed, there could be more needs to meet the permit obligations. In answer to Parker's question regarding composting street sweeping debris, Steele said there are a lot of metals in the debris but it is a conversation that has been had with DEQ.

Pour Company Homecoming Block Party Alcohol Use Request in Ghormley Park - Amanda Argona

RESPONSIBLE STAFF

Amanda Argona, Community Events Manager

ADDITIONAL PRESENTER(S)

David Schott, Parks and Facilities Manager, Tyler Palmer, Deputy Director - Operations, James Fry, Police Chief, Cody Riddle, Deputy City Supervisor - Community Development

DESCRIPTION

Pour Company is requesting an alcohol use permit in Ghormley Park for their Homecoming Block Party on Sat., Oct. 14 from 1-6 p.m. This event is the first of its kind for the Ghormley Park location with the potential to be an annual function. The applicant anticipates no more than four licensed beer/wine vendors and up to three food trucks, as well as live music. In similar fashion to Rendezvous in the Park, the event footprint will act as the beer garden with barriers structured in such a way as to ensure no individuals may pass under or over the barriers and there is a single entry check-in point to control open container access.

Following standard operating procedures for events with alcohol within a City Park, Pour Company is requesting the allowance of attendees to possess and consume alcoholic beverages within the event footprint during the hours of 1 to 6 p.m. during the aforementioned date. Per Moscow City Code, Section 5-13-4, a draft resolution has been prepared by the Community Events Division and reviewed by the Legal Department for the Council's consideration.
