Live music is

This event, which is stylized as a classic car and motorcycle show, is a new event to the Entertainment District, with the applicant intending for the event to be hosted annually. The applicant is anticipating up to four licensed beer and/or wine vendors, three food trucks, and a variety of automobiles and vehicles. Live music is scheduled to be a part of the festivities in the form of a band or DJ. This event has been reviewed and approved as of June 3, 2024. Following standard operating procedures for events with alcohol that are within the Entertainment District boundaries, MoscAuto Festival is requesting a temporary suspension of the open container law by resolution. Per Moscow City Code, Section 10-1-12; a draft resolution has been prepared for Council's consideration.

PROPOSED ACTIONS: Recommend approval of the resolution allowing for the temporary suspension of the open container law within the event footprint of MoscAuto Festival for the duration of the event; or provide staff with further direction.

6. Indian Hills II Apartments Development Agreement (ACTION ITEM) - Todd Drage

Blum Enterprises - 4 LLC. is in the process of the development of a 10.5 acre parcel at the northwest corner of the intersection of Palouse River Drive and Mountain View Road. The Project will develop the parcel into 15 separate apartment buildings which collectively total 240 individual 1, 2, and 3 bedroom units. The Project includes the installation of public utilities to serve the development and half-width frontage improvements along Palouse River Drive and Mountain View Road. For the project, a development agreement is necessary to address construction of public improvements, project warranty, securities, and as-constructed drawings. The agreement included in the packet covers these items.

PROPOSED ACTIONS: Recommend approval of the Development Agreement with Blum Enterprises - 4 LLC. Inc., or provide staff with further direction.

7. Indian Hills II Apartments Right-of-Way Dedication (ACTION ITEM) - Todd Drage

The Indian Hills II Apartment Project consists of the development of a 10.5 acre parcel at the northwest corner of the intersection of Palouse River Drive and Mountain View Road. The Project will develop the parcel into 15 separate apartment buildings which collectively total 240 individual 1, 2, and 3 bedroom units. Additionally, the Project will complete half-width frontage improvements to include asphalt pavement widening (which include a 5' bike lane), curb and gutter, greenstrip, and a 6' wide sidewalk along approximately 800 linear feet of Palouse River Drive and, 560 linear feet of Mountain View Road. Per the City's Thoroughfare Plan, both Palouse River Drive and Mountain View Road are designated as minor arterials which, per City Standard Drawing 1f, require a half road right-of-way width of 45 feet. Currently, neither road's

half width ROW totals 45 feet. As a result, the dedication of additional ROW for the portions of the Project adjacent to both streets is necessary. The Deed of Dedication to do so, which includes a record of the survey, has been included in this packet.

PROPOSED ACTIONS: Recommend approval of the Deed of Dedication, or provide staff with further direction.

8. Conestoga Street Extension Right-of-Way Dedication (ACTION ITEM) - Todd Drage

During the development of the Edington 1st Addition Subdivision, Conestoga Street was extended through City Park Property from its intersection with Palouse River Drive south to the subdivision. Conestoga was extended as a 70-foot wide collector street per the City's Thoroughfare Plan to accommodate public travel and other secondary street purposes such as the extension of utilities. As the subdivision nears completion, it is necessary to transfer the ownership from the City as park property to the City as public right-of-way. The Deed of Dedication to do so, which includes a record of the survey, has been included in this packet.

PROPOSED ACTIONS: Recommend approval of the Deed of Dedication, or provide staff with further direction.

9. Dominion Way Street Name Approval (ACTION ITEM) - Todd Drage

On June 6, 2016, Faith Ministries Inc. (DBA Logos School) filed an application for a Conditional Use Permit (CUP) to construct a school and church on a 30-acre property located at 1515 N. Mountain View Road. The Moscow Board of Adjustment approved the CUP in August of 2016. The CUP detailed that the project would include the construction of public improvements to support the development. The associated public improvements include the construction of a new public street adjacent to the development. The City's standard process for the creation of street names is for Council to approve them with the approval of a Final Plat. As this street is being created through right-of-way dedication, the street name was not approved through the platting process. This agenda item is being presented to request Council officially approve the street name "Dominion Way", as requested by the project proponent. A location figure and plan view figures from the Project's civil plan set have been included in this packet.

PROPOSED ACTIONS: Recommend approval of the street name Dominion Way, or provide staff with further direction.

10. Idaho Fire Fighter's License Plate Grant Program (ACTION ITEM) - Alisa Anderson / Brian Nickerson

The Idaho Fire Chief's Association (IFCA) sponsors the Fire Fighter License Plate (FFLP) grant program on an annual basis. Grant requests must comply with the legislated guidelines to be used "exclusively for fire safety education" of firefighters, fire chiefs, and the general public. Grants are general capped at a maximum possible award of \$2,500 to \$3,500. The Moscow Volunteer Fire Department (MVFD) conducts 15-20 fire extinguisher classes per year to the community to include the University of Idaho (UI) Greek housing. Training conducted off-site from a firehouse is accomplished with the use of a LP gas fire prop and 2.5-gallon water extinguishers. The MVFD is requesting to submit a grant request to purchase six (6) 2.5 Gallon Amerex Brand water extinguishers estimated to cost \$190.00 each. The MVFD is also requesting to purchase fire prevention materials to be distributed to the community at trainings estimated to cost \$500. The total grant request will not exceed \$1,800.00. The grant application is due June 28, 2024. No match is required for this request.

PROPOSED ACTIONS: Recommend approval for the MVFD to submit a grant application to the Idaho Fire Chief's Association Fire Fighter License grant program in an amount not to exceed \$1,800 for the purchase of six (6) 2.5 Gallon Amerex Brand water extinguishers and community training materials, or provide staff further direction.

11. Firehouse Subs Grant Application (ACTION ITEM) - Alisa Anderson / Brian Nickerson

The Moscow Volunteer Fire Department (MVFD) is requesting to submit a grant application to the Firehouse Subs Public Safety Foundation (Foundation). This Foundation assists first responders and public safety organizations by providing lifesaving equipment and needed resources to help them be better prepared to save lives in the communities they serve. The funding request to Firehouse Subs is for the purchase of new extraction equipment used to cut through tough materials, helping to open tight spaces and provide stabilization. The MVFD is requesting to submit a grant request in an amount not to exceed \$30,000.

PROPOSED ACTIONS: Recommend approval for the MVFD to submit a grant application to Firehouse Subs Foundation in an amount not to exceed \$30,000 for extraction equipment, or provide staff further direction.

REGULAR AGENDA

1. Approval of Public Works/Finance Committee April 8, 2024 Minutes (ACTION ITEM) - Taylor Riedner

The minutes were approved as presented.

2. Disbursement Report April 2024 (ACTION ITEM) - Sarah Decker

Presentation of the Accounts Payable Report for the month ending April, 2024.

PROPOSED ACTION: Approve and authorize the use of digital signatures to sign the Disbursements Report for the month of April 2024.

Decker introduced the item and highlighted a major payment for the booster station phase 2. The Committee approved the disbursement report and authorized the use of digital signatures.

3. Public Meeting: Proposed Lot Division located at 824 Logan Street (ACTION ITEM) – Aimee Hennrich

The applicants, Ransom and Jessica Mallery and Raymond and Rhonda Mallery, are requesting a lot division to create two lots of approximately 8,341 sf and sf, 6,488 sf in size from one existing parcel of 14,829 sf in size. The intention of the lot division is to separate the existing house at 824 Logan Street and create a new lot for the construction of a single-family home with separate ownership. The subject property is located within the Medium Density (R-3) Zoning District, which requires a minimum lot size of 6,000 square feet and a minimum lot width of 60 feet for single-family dwellings. Both proposed lots meet the minimum lot area and width requirements of the R-3 Zone, and structures will meet all setback requirements. Property owners within 600 feet of the property have been notified of the proposed division and a sign was posted seven (7) days prior to the public meeting date.

PROPOSED ACTIONS: Take public comment if applicable and recommend approval of the lot division request with conditions; or recommend approval of the lot division request with no conditions; or recommend denial of the lot division; or provide staff with further direction.

Hennrich introduced the item as written above. The new lot has an accessory structure that would need to be removed to meet zoning requirements. Lewis asked for public comment.

Steve Hammond (Moscow) is a neighbor and has concerns regarding parking and additional traffic. Hennrich said a single family dwelling of up to four bedrooms is required to provide 2 onsite parking stalls. Anything above that requires additional parking.

Nels Peterson, Moscow Affordable Housing Trust, in support as it is a simple way to add density in the neighborhood. It would be compatible with the neighborhood.

The Committee recommended approval with the condition to remove the structure and that it be placed on the Council consent agenda.

4. Proposed Lot Line Adjustment of Lots 1-4, Block 3, of Paradise View Addition (ACTION ITEM) – Aimee Hennrich

The applicant, Moscow Affordable Housing Trust, is requesting a lot line adjustment between four properties legally described as Lots 1-4, Block 3, of Paradise View Addition. The proposed lot line adjustment would increase Lot 1 from 2,934 sf to 2,999 sf, increase Lot 2 from 2,065 sf to 2,257 sf, increase Lot 3 from 2,054 sf to 2,277 sf and decrease Lot 4 from 2,793 to 2,313. The subject lots are currently vacant land and were previously platted within the Paradise View Subdivision. The applicant is requesting the lot line adjustment in order to meet the minimum lot requirements to construct twin homes. The subject lots are currently zoned Multiple Family Residential (R-4) where the minimum lot size for twinhomes is 2,250 sf and the minimum lot width is 20 feet. All proposed lots meet the minimum lot size and width requirements of the R-4 Zone.

PROPOSED ACTIONS: Recommend approval of the lot line adjustment request; or recommend approval of the lot line adjustment request with conditions; or recommend denial of the lot line adjustment request; or provide staff with further direction.

Hennrich introduced the item as written above. Nels Peterson, Moscow Affordable Housing Trust, said he designed the lots for town homes but due to cost of concrete, it wasn't cost effective. By changing to twin homes, the project was affordable but lot sizes weren't compliant. The Committee recommended approval and that it be placed on the Council consent agenda.

5. Proposed Lot Line Adjustment for Lots 1 and 2, Block 10, of Edington 1st Addition Subdivision (ACTION ITEM) – Aimee Hennrich

The applicant is requesting a lot line adjustment between two properties legally described as Lots 1 and 2, Block 10, of Edington 1st Addition Subdivision. Lot 1 is currently 63,105 square feet (1.45 acres) in size and parcel two is 35,040 square feet (0.80 acres). As a result of the lot line adjustment, Lot 1 would decrease in size to 39,560 square feet (.91 acres) and Lot 2 would increase to 58,585 square feet (1.34 acres). Both parcels are currently vacant and are located within the Residential Office (RO) Zoning District. The minimum lot size for the RO Zone is 5,000 square feet and the minimum lot width is 50 feet. Both of the proposed lots meet all of the requirements of the RO Zone.

PROPOSED ACTIONS: Recommend approval of the lot line adjustment request with conditions; or recommend approval of the lot line adjustment request with no conditions; or recommend denial of the lot line adjustment request; or provide staff with further direction.

Hennrich introduced the item as written above. There is an existing sewer easement that will need to be extended to service lot 1. The Committee recommended approval with the condition to extend the sewer easement and that it be placed on the Council consent agenda.

6. Camp Moscowanna Alcohol Use Request in Entertainment District (ACTION ITEM) - Amanda Argona

The Moscow Chamber of Commerce + Visitor Center is hosting Camp Moscowanna on Saturday, June 15th, from 4 pm to 8 pm on Main Street between 3rd and 6th Streets. This summer camp-themed event is designed to evoke the nostalgia of family-friendly gatherings and will feature: up to

eight retail and/or street game vendors, up to eight food vendors, and up to ten beer/wine vendors. The event has been reviewed and approved by staff as of March 18, 2024. Following standard operating procedures for events with alcohol that are within the Entertainment District boundaries, Camp Moscowanna is requesting a temporary suspension of the open container law by resolution. Per Moscow City Code, Section 10-1-12, a draft resolution has been prepared for the Council's consideration.

PROPOSED ACTIONS: Recommend approval of the resolution allowing for the temporary suspension of the open container law within the event footprint of Camp Moscowanna for the duration of the event; or provide staff with further direction.

Argona introduced the item as written above. Alys from The Chamber of Commerce said they are looking at switching to an aluminum glassware. The Chamber does accept previous glassware at their office for recycling. The Committee recommended approval and that it be placed on the Council consent agenda.

7. Proposed Amendment to Solid Waste Franchise Agreement to add 200 and 300 Gallon Containers (ACTION ITEM) - Tim Davis

Staff has received a proposal from Inland North Waste regarding the implementation of 200 and 300 gallon poly containers for both waste and recycling services. The 200/300-gallon containers can be serviced with the automated side loading trucks currently used to service the 35, 65 and 95 gallon roll carts. The 200-gallon waste containers are virtually the same size as a one-yard metal dumpster, and we have many outlying one-yard dumpsters located in residential areas that could be replaced with 200-gallon poly containers. Currently, the one-yard dumpsters require a front-loading truck to travel out of the way of the business district to service the dumpster. Replacing the one-yard dumpsters with a 200-gallon poly container will allow them to be serviced by the automated side loading truck when it is already in the vicinity and would also provide a cost savings for customers who currently have one-yard dumpsters. The 200/300-gallon poly containers were also a topic of discussion with the multi-family recycling work group, as the containers would add another option for apartment recycling. Staff has reviewed the proposal and believes it is a fair and equitable cost for the provision and servicing of the proposed 200/300 gallon containers. Staff has prepared an amendment to Exhibit G of the Sanitation Franchise Agreement to include a servicing and container replacement cost from the City to the Franchisee and the customer service rate for the new containers will be included in the FY2025 Fee Resolution in advance of the launch of the new containers this fall.

PROPOSED ACTIONS: Recommend approval of the proposed Agreement providing for the Amendment to Exhibit "G" of the Solid Waste Franchise Agreement to include 200 and 300-gallon containers for waste and recycling services; or provide staff with further direction.

Davis introduced the item as written above. Recycling costs are based on volume and service cost so will be comparable. By replacing the one-yard dumpster with a 200-gallon poly container, the customer will see a 35% decrease in cost. The 200 waste will be blue in color like the dumpsters and the recycling will be green, both with black lids. Davis said he will reach out to the one-yard dumpster customers and then reach out to the property management companies regarding the recycling containers. The Committee recommended approval and that it be placed on the Council consent agenda.

8. Rolling Hills 10th Addition Final Plat (ACTION ITEM) - Mike Ray

On December 5, 2022 Moscow City Council approved the Rolling Hills 10th Addition preliminary plat with no conditions. On December 5, 2023, the applicant submitted the final subdivision plat to be reviewed by the Planning and Zoning Commission and City Council. The Planning and Zoning Commission reviewed the final subdivision plat at their meeting on January 24, 2024 and recommended approval to City Council.

PROPOSED ACTIONS: Recommend approval of the Rolling Hills 10th Addition Final Plat; or provide staff further direction.

Ray introduced the item with a background of the application. There is a pedestrian path within Rolling Hills 7th Addition for access to Moser Park property from Panorama. Rolling Hills 10th includes an easement to extend that path to Third Street. The Committee recommended approval and that it be placed on the Council consent agenda.

9. Memorandum of Agreement for Rolling Hills 10th Addition (ACTION ITEM) - Todd Drage

In July of 1993, the City entered into an agreement to pay one-half the cost of public improvements for any streets contiguous to Moser Park. With the approval of the Rolling Hills 10th Addition, and the resulting extension of 3rd Street, the southern property boundary of Moser Park will be developed. As a result, the City is obligated to fund half of the improvements. The attached memorandum of agreement (MOA) provides a mechanism to formalize this funding through the reimbursement of costs upon completion of the improvements.

PROPOSED ACTIONS: Recommend approval of the Memorandum of Agreement with Itani Land Development IV, Inc., or provide staff with further direction.

Drage introduced the item as written above. Requesting a pathway and parking allows use in the near future. Belknap added back in the 1990's the city purchased property to extend the size of the park and because of this purchase the city agreed to share in the cost of the frontage. The Committee recommended approval and that it be placed on the Council consent agenda.

10. Rolling Hills 10th Addition Development and Monumentation Agreements (ACTION ITEM) - Todd Drage

Ryan Itani, on behalf of Itani Development IV, LLC., has submitted to the City a final plat for the development of a property east of the intersection of 3rd St. and 6th St and just south of Moser Park.

On December 05, 2023, the City Council approved the preliminary plat for this property. The final plat is titled Rolling Hills 10th Addition and will be presented for City Council approval on May 20th. If Council approves the final plat, development and monumentation agreements will be required. The development agreement is necessary to address construction of public improvements, parkland dedication, and as-constructed drawings. The monumentation agreement is required as the interior property corners will not be set until after the final plat has been filed, the earthwork has been completed, and the utilities have been installed. In such instances, an agreement obligating the establishment of these interior corners is required by Idaho Code. Staff has prepared both agreements for the Council's approval.

PROPOSED ACTIONS: Recommend approval of the Development and Monumentation Agreements for the Rolling Hills 10th Addition; or provide staff further direction.

Drage introduced the item as written above. Having no questions, the Committee recommended approval and that it be placed on the Council consent agenda.

11. Moscow Home Depot Development Agreement (ACTION ITEM) - Todd Drage

Home Depot U.S.A., Inc. has been approved to construct an approximately 137,000 square foot home improvement store along with an associated surface parking lot. The development is proposed to be located on a portion of property owned by the University of Idaho behind the Palouse Empire Mall at the southwest corner of the City's A Street and Farm Road Intersection. In addition to the construction of the retail store and parking lot, the project will extend A Street and City utilities from their current terminus at Farm Road to the west along the development's property boundary. For the project, a development agreement is necessary to address construction of public improvements, project warranty, securities, and as-constructed drawings. The agreement included in

the packet covers these items.

PROPOSED ACTIONS: Recommend approval of the Development Agreement with Home Depot U.S.A., Inc., or provide staff with further direction.

Drage introduced the item as written above and provided a design drawing of the site. There are two approaches to the site, both on West A Street. Farm Road and A Street are minor arterials. A Street will continue as a minor arterial with two travel lanes, two bike paths, curb and gutter, a green strip and an 8 foot sidewalk.

Kelly is concerned about the traffic. Drage said a drop lane will be added to the A and Farm Road intersection which will allow pedestrian refuge. Belknap said the applicant did a traffic impact study and met acceptable levels of service. The long-term plan is a round-about at the intersection but could not request it from Home Depot as their improvements were adequate to maintain level of service. Belknap said A Street was planned to curve to the north to allow development depth on the south side of the road.

Drage said A Street is free flowing east/west and Farm Road is stop controlled with right turn yields. A bus pullout will be included for future use. Belknap said the plans have been approved for construction. A development provides the means for the city to insure security for public improvements.

The Committee recommended approval and that it be placed on the Council consent agenda.

Indian Hills II Apartments Right-of-Way Dedication (ACTION ITEM) - Todd Drage

Todd Drage, Engineering Technician

ADDITIONAL PRESENTER(S)

DESCRIPTION

The Indian Hills II Apartment Project consists of the development of a 10.5 acre parcel at the northwest corner of the intersection of Palouse River Drive and Mountain View Road. The Project will develop the parcel into 15 separate apartment buildings which collectively total 240 individual 1, 2, and 3 bedroom units. Additionally, the Project will complete half-width frontage improvements to include asphalt pavement widening (which include a 5' bike lane), curb and gutter, greenstrip, and a 6' wide sidewalk along approximately 800 linear feet of Palouse River Drive and, 560 linear feet of Mountain View Road. Per the City's Thoroughfare Plan, both Palouse River Drive and Mountain View Road are designated as minor arterials which, per City Standard Drawing 1f, require a half road right-of-way width of 45 feet. Currently, neither road's half width ROW totals 45 feet. As a result, the dedication of additional ROW for the portions of the Project adjacent to both streets is necessary. The Deed of Dedication to do so, which includes a record of the survey, has been included in this packet.

Conestoga Street Extension Right-of-Way Dedication (ACTION ITEM) - Todd Drage

RESPONSIBLE STAFF

Todd Drage, Engineering Technician

ADDITIONAL PRESENTER(S)

DESCRIPTION

During the development of the Edington 1st Addition Subdivision, Conestoga Street was extended through City Park Property from its intersection with Palouse River Drive south to the subdivision. Conestoga was extended as a 70-foot wide collector street per the City's Thoroughfare Plan to accommodate public travel and other secondary street purposes such as the extension of utilities. The City participated financially in the roadway and bridge construction that provided vehicular access to the City's park property per the memorandum of agreement between BBC LLC and the City approved by the City Council in 2021. As the subdivision nears completion, it is necessary to transfer the ownership from the City as park property to the City as public right-of-way. The Deed of Dedication to do so, which includes a record of the survey, has been included in this packet.

DESCRIPTION

On June 6, 2016, Faith Ministries Inc. (DBA Logos School) filed an application for a Conditional Use Permit (CUP) to construct a school and church on a 30-acre property located at 1515 N. Mountain View Road. The Moscow Board of Adjustment approved the CUP in August of 2016. The CUP detailed that the project would include the construction of public improvements to support the development. The associated public improvements include the construction of a new public street adjacent to the development. The City's standard process for the creation of street names is for Council to approve them with the approval of a Final Plat. As this street is being created through right-of-way dedication, the street name was not approved through the platting process. This agenda item is being presented to request Council officially approve the street name "Dominion Way", as requested by the project proponent. A location figure and plan view figures from the Project's civil plan set have been included in this packet.

AGENDA ITEM TITLE

Idaho Fire Fighter's License Plate Grant Program (ACTION ITEM) - Alisa Anderson / Brian Nickerson

RESPONSIBLE STAFF

Alisa Anderson, Grants Manager, Brian Nickerson, Fire Chief

ADDITIONAL PRESENTER(S)

DESCRIPTION

The Idaho Fire Chief's Association (IFCA) sponsors the Fire Fighter License Plate (FFLP) grant program on an annual basis. Grant requests must comply with the legislated guidelines to be used "exclusively for fire safety education" of firefighters, fire chiefs, and the general public. Grants are generally capped at a maximum possible award of \$2,500 to \$3,500. The Moscow Volunteer Fire Department (MVFD) conducts 15-20 fire extinguisher classes per year to the community, including the University of Idaho (UI) Greek housing. Training conducted off-site from a firehouse is accomplished with the use of a LP gas fire prop and 2.5-gallon water extinguishers. The props enable a safe and environmentally friendly hands-on experience. The MVFD is requesting to submit a grant request to purchase six (6) 2.5 Gallon Amerex Brand water extinguishers estimated to cost \$190.00 each. These extinguishers will also be used during trainings for new firefighters at the annual fire academy. The MVFD is also requesting to purchase fire prevention materials to be distributed to the community at trainings estimated to cost \$500. The total grant request will not exceed \$1,800.00. The grant application is due June 28, 2024. No match is required for this request.

2024 Idaho Fire Fighter's License Plate Fund GRANT INFORMATION

Note: Please read ALL of the grant application instructions carefully. Follow the instructions. Complete the application form completely. Grant applications have been rejected for failure to follow the instructions. Thanks!

[Complete the 2024 Grant Application Online>>>](#) (please read the instructions below before completing!)

Dear Grant Applicant,

The Idaho Fire Chief's Association (IFCA) announces the 2024 Fire Fighter License Plate (FFLP) grant program. These grants are awarded annually from available funds received through the Idaho Fire Fighter's License Plate (FFLP) Fund program. Grant applications are reviewed by the FFLP Grant Review Committee. The Committee carefully evaluates all applications and establishes the grant amounts. 2024 marks the 24th year of this highly successful program. Over \$850,000 in grants have been awarded for fire safety education programs across Idaho since the program began!

Grant application forms for 2024 must be received no later than Friday, June 28, 2024!

The 2024 FFLP grant awards will be announced and distributed in August. Please plan accordingly if this time factor might affect use of anticipated funding or procurement.

Up to **75%** of the available grant fund balance that has accrued as of July 1st 2024 will be awarded. It is estimated there will be about \$75,000 available for grant awards in 2024.

IMPORTANT: Grant requests must comply with the legislated guidelines to be used "exclusively for the **fire safety education** of firefighters, fire chiefs, and the general public." Each year some grant applications are rejected because they are more operationally, equipment or training oriented.

Rules and Guidelines for Grant Applications:

1. An organization, agency, or group may only submit **one (1) grant application each year**. For fire departments with "joint duties" (a municipal and rural district) with more than one Idaho FDID number registered with the State Fire Marshal's IFIRS program , *only one grant application per FDID number may be submitted*. Your **FDID number must be provided** if you are a fire department applicant. Grant requests from a fire department must have that **agency's head person (Chief, Director, Chairman, etc.) sign digitally by including their name** in the space provided on the application form. Agencies providing EMS and fire functions can only apply once, even if they are considered separate for federal, state, or local registrations or licensing entities.
2. Associations or organizations may submit only one (1) grant application for the parent organization. However, sub-groups within the larger association, such as Chapters, Locals, Divisions, etc., may also submit one application per each sub-group. Individuals and non-fire groups are only allowed to submit a single application.
3. Any and all **surplus or unexpended grant funds MUST be returned to the IFCA**. Failure to do so will result in the loss of consideration for additional grants for a period of five years from the year of the initial grant. In special circumstances, the FFLP Committee may extend a grant usage period if asked to do so in writing by the grant recipient, and there are extenuating circumstances
4. Failure to submit the required **"closing report"** by the end of the grant usage period will result in the loss of consideration for additional grants for a period of five years from the year of the initial grant. **NEW: Grant checks not cashed within 60 days of check issuance will be canceled.**
5. All applicants must enter their **Federal Tax ID number** (if they have one) or the Applicant's SSN in the space provided on the application form. (This information will be kept strictly confidential and is for IFCA accountant information purposes only.)
6. Grant awards for commonly requested electronic equipment, specifically laptop computers or LCD projectors, are typically "capped" at a set amount based on the current common price for a basic version of that equipment.
7. Grants are **generally "capped" at a maximum possible award of \$2,500-\$3,500** though a higher amount may be requested. This is to allow funding of as many grant requests as possible. There is no minimum grant amount that may be requested and no guarantee that the full requested amount will be awarded. Please contact Patty Morgan at (208) 629-4865 for more information and assistance
8. **Grant applications may only be requested for a single item or activity**. HOWEVER: Technology packages/systems that rely on one another to achieve education or training desired outcome may be presented as a single item, ie: laptop and projector. The "package/system" must still meet the same cap limits per year and cannot be stacked. is "Fire prevention handout material" would be considered a single item (brochures) but there could be a dozen or more different types of brochures.

9. **Requests for the following items are not an acceptable use of grant funds and will not be awarded:** Smoke Detectors or CO Detectors; (units may be purchased with third party funds and the educational material and training component however is acceptable); EMS equipment such as CPR Dummies; fire and EMS materials that are not intended to educate the community served or the members providing these services such as Drones; Furnishings; Administrative Costs; and Training Costs for individuals.

10. If you have a **surplus of money** from a grant, the grant recipient may contact the IFCA offices with a request to use the balance, or a portion thereof, for another “related” item if you wish to do so. Such requests must be in writing (email is acceptable) and must state the grant number, circumstances, with justification, for the re-allocation of the funds. The FFLP Committee will be consulted to review and approve such requests.

11. **No grants will be “automatically” renewable.** A new grant request is required for each grant period (annually) and a separate application must be submitted each year.

12. Grant **applicants must “justify” their request.** Don’t just list “Laptop computer”. Explain why you need the resource and what it will be used for. Please make sure that it meets the **“exclusively for the fire safety education of firefighters, fire chiefs and the general public”**. (Idaho Statute Title 49, Chapter 4 - Motor Vehicle Registration)

13. If requesting **funds for materials or equipment** (i.e., laptops, DVD’s, pamphlets, signs, costumes, etc.) you should submit a product information sheet on the product(s) with the cost of it, or, a written estimate of the total cost from the vendor for the product. If there is tax, shipping, set-up or handling costs to obtain or prep the product for use, those costs may be included in the grant request, but they must also be shown and itemized on the estimate. **Administrative costs are not eligible for funding.**

14. **All grant request amounts need to be rounded off to a whole dollar amount.**

15. From time to time a **special or urgent grant** need may arise outside of the normal application period. If you feel you qualify, you may submit a grant application form to the IFCA offices at any time with an accompanying letter of circumstances stating “why” the special request grant should be funded and the reason for the urgency. This will be forwarded to the FFLP Grant Review Committee for consideration and they will render a decision whether to fund it or not.

16. There is **no guarantee that any or all grant applications will be funded** or that applications will be “fully” funded. This means you might receive 100% funding or receive a portion of what you requested. This is fairly common. If your grant request requires 100% FFLP grant funding, then this must be checked on the grant application form in the space provided. It is highly recommended that Applicants seek out “other funds” to help support their project as this shows a shared financial commitment toward the project.

17. **If the Applicant is a past recipient of a FFLP grant you should check “Yes” on the form.** If the Applicant has never received a FFLP grant, you should check “No” on the form. *First-time grant applicants will be given a priority consideration.*

Remember, your 2024 Grant Application must be submitted electronically and received by the IFCA on or before the deadline of June 28, 2024.

ADDITIONAL PRESENTER(S)

DESCRIPTION

The Moscow Volunteer Fire Department (MVFD) is requesting to submit a grant application to the Firehouse Subs Public Safety Foundation (Foundation). This Foundation assists first responders and public safety organizations by providing lifesaving equipment and needed resources to help them be better prepared to save lives in the communities they serve. The Foundation mainly focuses its resources in areas where a Firehouse Subs Restaurant is within 60 miles of an applicant's organization and a new location was opened in Moscow on the University of Idaho Campus at 875 Line Street, in 2023. The funding request to Firehouse Subs is for the purchase of new extraction equipment used to cut through tough materials, helping to open tight spaces and provide stabilization. The MVFD is requesting to submit a grant request in an amount not to exceed \$30,000. The grant application portal opens July 11, 2024, for its next round of applications. This program does not require a local match.
