UPDATES/REPORTS

1. **August 24, 2024 Farmers Market Recap – All**

Hayes and Johnson did a lot of active communication with people. Johnson saw lots of interest in refereeing sports and a lot people also asked about coaching.

2. **Recreation and Pool Update – Kirby Johnson**

Johnson updated PRC that Recreation had a successful summer with sports and the pool. All sports registration is lower than where we would like it at this time. The Rec department is looking at changing things in the future for programs and sports. Johnson would like to partner with the U of I Vandals Volleyball team to help coach in the future for Volleyball. Soccer, Volleyball and NFL Football seasons are just starting. The City's fields are aging such as Ghormley. This past summer field 1 had some underground work done, so it's not being played on which means Flag Football is starting later than normal. Football for this year is being played on field 2 because of this. Smoke caused the Dog Day at the pool to be cut short this year. Johnson's looking forward to Idaho networking night coming up at the U of I where Johnson and Ochoa will attend to get more university involvement. Johnson is attending leadership Moscow currently as well. Ochoa updated the PRC on the Palouse Youth Triathlon that took place two weeks ago. There was a good turn out this year. Last week he and Harner put on the 5K for Alex lemonade Stand as well.

3. **Parks, Facilities and Community Forestry Update – David Schott**

Schott updated the PRC that the MTC will be at the Farmers market this weekend MTC had a \$1000 donation to get more trees in ground around the City. MTC will have seedlings to give out this weekend from that donated money. Schott has been working on the facility asset plan. The city is looking at a more proactive plan. There is one Full Time Facility Maintenance position open currently. City Admin Committee Grants Manager Lisa may have found a way to fund more grants for the City parks. These items must be shovel ready. One is the Mountain View path between parking lots, and another for instance might be Anderson Frontier Park to continue pathway from housing development to park. All together there is around \$160,000 possibly available. The West Palouse Rive property the city and the school district are looking at hiring someone to do a conceptual plan. The Carol Brink pathway on the north side and Herons Hideout pathway have been redone. The outdoor Pickleball courts have had new trees and rocks landscaped in front of them. The sign at Anderson Frontier has been moved. Schott is continuing to work on the downtown tree management plan. The Milton Arthur Park playground glue for the tiles has been discontinued, the Parks Manager is looking for

alternatives. Once the tiles are down then the Parks department can begin the building of playground.
