2. Guiding Principles Of Affordable Housing Resolution - Ryan Cash

Over the last year, the Fair and Affordable Housing Commission has been discussing the lack of affordable housing in Moscow and the idea of creating a series of principles for the development of affordable housing. The 2016 American Community Survey identified that twenty-nine percent (29%) of Moscow's population is currently living in poverty. Also, a recent survey of local affordable housing projects indicated that there are no housing units available in any low income housing developments located within the City of Moscow and all such units have waiting lists. The Commission has worked with Sojourners Alliance, Moscow Affordable Housing Trust, Family Promise of the Palouse, and other community groups to develop guiding principles for the development of affordable housing. The intent of having guiding principles for the development of affordable housing is to provide a clear statement about the community Moscow desires to be, provide a framework for the pursuit of adequate housing for residents across the spectrum, and to support the City in pursuing grant funding for affordable housing projects.

PROPOSED ACTIONS:

Recommend approval of the attached resolution, or provide staff further direction.

3. Amending MCC Title 7 Chapter 7 Relating To Fire Prevention - Joe Williams

The proposed amendment would adopt the International Fire Code, 2015 Edition with modifications that are consistent with those adopted by the Idaho State Fire Marshal for use in the State of Idaho. This code change is part of the three-year cycle of code revisions published by the International Code Council. Some purposed changes to the city code reflect the renumbering of sections in the 2015 IFC, as well as changes the Building Department has made to the International Building code that mirror the IFC.

PROPOSED ACTIONS: Recommend approval of the proposed amendments to Moscow City Code Title 7 Chapter 7 adopting the 2015 International Fire Code; or provide staff further direction.
