**3. Adoption of the Latah County All-Hazards Multi-Jurisdictional Mitigation Plan 2025
(ACTION ITEM) - Alisa Anderson / Brian Nickerson**

Latah County hired Integrated Solutions Consulting to update the existing 2021 All-Hazard Mitigation Plan, in collaboration with the Idaho Office of Emergency Management, and FEMA Region 10. City staff from Community Development, Fire, Grants, Police, and Public Works participated in the updates specific to Moscow. The updated plan, called the Latah County, Idaho, Multi-Jurisdictional All-Hazard Mitigation Plan 2025 (HMP), also includes several cities such as Moscow. Its purpose is to identify hazards across the county, assess their impact on vulnerable populations and infrastructure, and propose low-cost strategies to reduce risks to lives, property, and the environment. The plan emphasizes that hazard mitigation, through land use and emergency planning is effective in preventing new problems, and it sets short- and long-term goals to meet federal, state, and local requirements. It provides a comprehensive approach that includes hazard identification, risk assessment, vulnerability analysis, mitigation strategies, and an implementation schedule. This report includes the updated plan and a Resolution from the City Council supporting and adopting the new HMP.

PROPOSED ACTIONS: Recommend approval of the resolution to support and facilitate the implementation of the new Latah County, Idaho, Multi-Jurisdictional All-Hazard Mitigation Plan 2025, or take other action deemed appropriate.
