Monday

Mayor's Conference Room

June 8, 2025

6:00 PM

206 E 3rd Street

MEMBERS PRESENT: Sophie Gilbert; Tina Hilding, Nancy Cheney, Tina Hilding

ALSO, IN ATTENDANCE: Kelli Cooper

Call to order

1. Community Solar

Group has been tasked by the SEC to develop a rough framework for what a community solar project could look like in the City. Group will discuss project scope.

ACTION: Receive the report and provide feedback

The City will retain the savings from the solar but will use that to offset expenses for residents. Group started discussing program, and rebates that they could apply the savings too. They need to look into maintenance costs for the project.

2. Announcements/Other business

Kelli will have a table at Artwalk promoting sustainability.

There are also talks on a climate change art show for the City Art gallery.

Adjourn 7:00 PM
